TO WHOMSOEVER IT MAY CONCERN

FILOSERVE manufactured by ITC PSPD, Bhadrachalam consists of 100% virgin grade natural wood pulp sourced through sustainably managed farmed forestry along with plastic-free* barrier coating on bottom-side. This product is a Compostable product with full disintegration as observed in our in-house vermicomposting facility.

FILOSERVE is also recyclable* in conventional repulping facilities.

The above declaration is based on the natural raw materials used in the manufacturing of the product, in-house & *3-party test reports.

Note that this declaration is not applicable to downstream products.
